

Ready for the World

READY FOR THE WORLD

GOLD

It's going to be a wonderful day
I'm awake, and I'm ready to play
All the games that life can play with me
I am ready

Car keys in hand
No fear
All that I am is
Ready for the world
All that I am is ready for the world

I'm going to do great things today
Even if nothing goes my way, I am on the move
Locked in my groove
I am ready

Car keys in hand
No fear
All that I am is
Ready for the world
All that I am is ready for the world
